

About us

It all began in 1906 by Mr. Lacey. Located in Long Beach California, his goal and focus was dedicated to providing quality flooring, as well as outstanding installation and unbeatable customer service.

Needless to say, he quickly became a success.

After my uncle bought the business in 1969, my own experience with flooring began. Upon their retirement in 2000, I took over Lacey's Carpets and have been running the business ever since.

I keep the motto of Lacey's strong to this day, dedicating myself and my staff to the same focus Mr. Lacey began all those years ago. You can always count on us for quality carpet and flooring, at unmatched prices. We offer sales & installation for both homes and businesses. My helpful staff and I are always willing to answer any questions or concerns you may have.

After all, we are here to make your flooring experience as pleasant and easy as possible.

We look forward to bringing your carpet and flooring dreams into reality.

Thank You,
Deno Stavros
Owner of Lacey's Carpets
